## ABOUT ME

I am an analytical detail-oriented Web Developer with a great artistic sense. My most valuable traits would be my ever-growing hunger to learn, listening skills, friendly nature, and dedication to doing my best.

## PROJECTS

### React.js Project – Ecommerce App

This website is an ecommerce store that allows the user to purchase a range of tech products. This app is created using React, Commerce.js, and Materialize.

### HTML/CSS/JavaScript Project – CRUD App

This website is a basic CRUD application that allows the user to enter information about an employee into a table. This app is created with HTML, CSS, and JavaScript.

## EXPERIENCE

### Customer Service Representative/Data Entry | GetInsured

JULY 2020 – SEPTEMBER 2020

Provided remote support for customers enrolling in health insurance, troubleshooting problems with customers' accounts and applications, as well as being the first responder for irritated or confused customers.

### Lead Caricature Artist | Kaman's Art Shoppes

FEBRUARY 2016 – JANUARY 2019

Led a team of artists to provide service for hundreds of guests daily. I also helped artists deduce customer concerns, provide superb caricature experience and helped some artists get over their own anxieties.

## SKILLS

- HTML5 & CSS3
- JAVASCRIPT, JQUERY, REACT
- BOOTSTRAP 3&4
- Node.js and Moongodb

## EDUCATION

### Bachelor of Science in Information Technology | Kennesaw State University

2017 – 2021

Excelled in classes like Web Development, Project Management, Database Systems, Human Computer Interaction, etc.
